

## MBSE Review and Visualisation of Enabling Strategy - RAVEnS

The introduction of MBSE into an organisation can be daunting and seem very complex. The key element of getting this right is to develop an MBSE implementation strategy. In order to help with this, Scarecrow Consultants Limited have developed our MBSE Review And Visualisation of **Enabling Strategy** (RAVEnS) initiative.

The RAVEnS review is carried out by working with one of our MBSE experts to create a visual representation of where your company is at the moment with MBSE and also its aspirations for MBSE moving forwards. The three key enablers of **People, Process** and **Tools** are considered and a number of key features for each are then identified to construct a picture of MBSE in your business.

The picture generated is created using our own bespoke RAVEnS puzzle pieces that are connected together to form a powerful physical and visual representation of what MBSE looks like in your organisation. We next prioritise each of the key MBSE enablers identified, which are then used to develop a way forwards for your MBSE strategy.

If you are interested in a free RAVEnS review then please contact us at [ravens@scarecrowconsultants.co.uk](mailto:ravens@scarecrowconsultants.co.uk) to arrange a half-day review with one of our experts.
